And other particulars may be obtained on application at the Office.

Saturday, June 30, 1883.

NOTES AND COMMENTS.

Mr. Thomas Hughes is expected in Rugby in the fall, leaving England about the 1st of September.

Mr. Thomas Fletcher has bought a snug little farm of twenty acres, situated on the Sedgemoor road, and adjoining Mr. Dimlings' farm.

The Rugby Caning Company are busy hauling bricks, and will shortly erect the additional buildings required at the factory. The machinery will also be overhauled and put into place.

An "Art Gallery" has been opened near the Church, on Central Avenue, by Mr. W. L. York. He announces he is "prepared to make good pictures, cheap," on Thursdays, Fridays and Saturdays. We trust the enterprise will be well patronized.

Deputy U. S. Marshall Racer was fired at five times by unknown parties while riding on Cumberland mountain a few days ago. Two bullets passed through his hat and three through his coat. He had been to arrest breakers of the internal revenue law.

In Crockett County, Tennessee, there has been set out this spring, 50,000 pear trees, 100,000 apple, 200,000 peach 400,000 plum trees and 500 additional acres in strawberries. There are now in Crockett County 1000 acres in strawberries.

The rates during the holidays on the C. S. R. R., from Sedgemoor, will be as follows: Between all stations less than 65 miles distant, one fare for round trip. Between 65 and 100 miles distant, \$2.00; round trip, over 100 miles distance, .01c per mile each way.

Australia supports 70 schools of agriculture with 2,300 students, and 174 agricultural evening schools with 5,500 students. France has 43 farm schools with 30 to 40 pupils at each. The Government pays the board of each pupil, and allows him 70 francs a year for clothing. Paris has three department schools of agriculture and a National Agricultural Institute.

On Tuesday the President issued an executive order promulgating changes made in the internal revenue collection districts in accordance with the notion taken by Congress at its last session. The order is to take effect on the 1st of July, or as soon thereafter as practicable. Tennessee is affected as follows:

The Counties of Anderson, Blount, Bradley, Campbell, Claiborne, Knox, Loudon, McMinn, Monroe, Morgan, Polk, Roane, Scott, Union, Carter, Cocke, Granger, Greene, Hamblin, Hancock, Hawkins, Jefferson, Johnson, Sevier, Sullivan, Union and Washington, of the present Second district, and the Counties of Bledsoe, Fentress, Cumberland, Rhea, Meigs, James, Hamilton, Sequatchie and Warren, of the Fifth district, are consolidated into one district, to be known as the Second district, with James M. Melton as collector. The remaining Counties of the State are united into one district, to be known as the Fifth district, with A. M. Hughes, Jr., collector of the present Fifth district, as collector.

A number of our leading and most responsible colored men who own property ranging from \$200 to \$5,000, have been holding meetings for several days for the purpose of organizing a company having for its objects the purchase of large tracts of land in some quarter of East Tennessee. Should the project succeed, a colony will be established and several industries attempted, chief among which will be farming and stock raising.

The land at present in contemplation is situated on Cumberland mountain and can be had at from \$2 to \$5 per acre. A committee will at once be sent to inspect it, and if it is found satisfactory, active measures will be instituted to execute the design. No assistance from abroad will be sought, but the colony will be organized by the colored men on their own resources.—*Chas. Times.*

Mr. R. L. Mitchell has been reappointed Clerk and Master for Overton County.

Mr. Coombes, a prominent business man of Cincinnati, was down here this week to learn the prospects of fruit culture on the Plateau. He desires to invest in a nursery.

Miss Brown asks us to announce that the following scholars, in the order mentioned, deserve notice for proficiency and attention during the past half year: Sidney M. Fardon, Marion McKinlay, and Gertrude Tucker.

The Rugby Sunday School will celebrate the 4th of July with games and rumps, and a supper to all the children, and teachers. The parents and friends of the children are also invited. The Band will attend.

The day will also be marked as the opening day of the recreation ground, which has lately been neatly fenced and provided with a gymnasium at the kind expense of Mrs. Hughes, who is ever foremost in remembering the wants and joys of childhood. The School fête will be held in the new ground.

PERSONAL.—Mrs. Dunham, daughter of Mr. and Mrs. Horner, with her two little children, has been visiting her parents in Rugby, returning home to Georgetown, Ohio, on Wednesday.

Mr. and Mrs. Haigh, with their children, left Rugby on Wednesday for the East. Mrs. Anne Harte, with her little granddaughter May, returned to Rugby Friday, last week. They have had a long pleasant tour in Europe, spending most of the time in Switzerland and England. They make Newberry House their home.

Mr. A. L. Ross has returned from a few days' visit to Cincinnati. Mr. Fardon is fencing and improving the piece of ground adjoining his house. Messrs. Dyer & Co. are doing the work. Mr. Cyrus Clarke will shortly commence building himself a residence at Allardt. Mr. Horner, of Rugby, is the contractor.

Messrs. Miller and Potbury have moved into the house they recently purchased of Mr. Bertz. Mr. J. A. Dimling is building a house on his farm on the Sedgemoor road. Mr. Ross Brown, with Jeff, is very busy on his land at Allardt.

Among the visitors at the Tabard this week we notice, A. Taylor and wife, Illion, N. Y.; W. H. Lindsay, Covington, Ky.; A. L. Luddington and wife, and Bruno Gernt, Allardt; Miss Fanny G. Lilley, Hillsboro, Ohio; Miss M. T. Creighton, Wilmington, Ohio; Eljah Coombes, Cincinnati, Ohio; J. Bower, New Trenton, Ohio; Mr. Barnes, Jr., Groesbeck, Ohio; A. L. Compton, Fentress Co., Tenn.

Our Glen Mary correspondent, "Scribbler," sends us up an interesting, but much too long for our small paper, account of the wedding in that village last week of Miss Abbie, the daughter of Mr. and Mrs. J. B. Taylor, to Mr. Archie McDonald. The service was performed by the Rev. Mr. Scott. The couple was particularly blessed with an exceptional number of useful and valuable presents, evidencing the high esteem in which the bride and bridegroom were held by their large circle of relatives and friends. The assembly of the latter was numerous, Ohio, Kentucky and Tennessee being well represented, particularly Ludlow, Ky., the former residence of Miss Taylor, and Troy, O., the late home of Mr. McDonald. The marriage supper was most elegant and cheerful. The parents of both parties are to be congratulated upon the happy event, and the happy couple upon the happy prospect before them.

We publish the following from Sedgemoor, under date of June 23rd: Perhaps a few lines from this place may be acceptable to you. There was quite an excitement in town a few mornings since, occasioned by the back team running away on a heavy down grade near the station, but it is not clear whether the horses could not hold the hack, or the hack driver could not hold the horses.

Shaver, Hall & Frisbee's stave mill is in full blast under the able management of Mr. E. Jones; they have removed their mill from Hallville to Clarksburg, three miles east of Oneida. It is under the management of Mr. Jerry Clark, who is well posted in the stave business, having graduated with high honors from Professor Jones.

Orave Duncan is doing a good business in general merchandise, besides carrying on his farm. Mrs. Duncan has also a fine garden, having had new potatoes, peas, beans, etc., for several weeks.

Our pleasant and jovial Railroad Agent, Mr. Lancaster, is in good condition, and is usually on hand for business but will occasionally go fishing, and has been known to wander over to Smith and Chew's mill. He says that the fish in Brimstone are larger and better than he has found anywhere else.

Mr. Frisbee has had his teams at Oneida this week, and we have missed the pleasant faces of Dick and George. George says that he will stay till the paw "jaws" get ripe.

Lacey has blowed the whistle and I must close. Respectfully yours, TRAVELER.

The Wealth of the Plateau.

The following extracts are taken from an interesting and useful letter, dated Pomona, Cumberland County, Tenn., appearing in the columns of the New York Sun of May 31st:

The resources of eastern Tennessee are comparatively unknown. The average reader knows that it has mountains and mules, and that during our late war battles were fought on its soil, but no more. If half the possibilities of this State were known, capitalists would quickly invest their money where it will multiply itself rapidly.

When settlers in the Northwest are suffering for fuel, and trains are snow-bound for days at a time, the inhabitants of this region sit by blazing fireplaces, comfortable in the thought that they can have all the fuel that they wish at the bare cost of cutting and drawing. In other places but a few miles distant they burn coal dug from the immediate neighborhood, where it crops to the surface of the ground.

With a few frosty mornings the winter passes, and is succeeded by a summer quite as comfortable, that enables the farmer to work in comfort all day, fanned by delightful breezes, and sheltered by wide-spreading trees when he would rest.

Tennessee is the country for cattle raising. On these heights, 2,100 feet above the level of the sea, is the paradise for herdsmen and cattle. Horses also can be easily and successfully raised, while mules are destined to have a corner in the market here for long years to come. During the months of late autumn and winter young cattle can be bought for \$9 per head, which, if well fed, will bring at the end of the year a return of ninety or a hundred per cent. To make them grow rapidly it is only necessary to feed them—twice a day in cold weather—once with dried grass and once with corn-stalks from drill corn, sowed for the purpose. There are native farmers here, however, who let all their stock run in the woods through the winter, and as a result have scrawny animals in the spring. Should some one come here with good stock—the Durham, for instance, that grows larger on the same care—he would more than double his money on his investment.

We have spoken of cattle raising, because it is one of the great possibilities of these mountains, as yet awaiting a brilliant future, and needing comparatively little labor to bring a large return of money invested. But the mines of Tennessee are sources of wealth already proved, and promising marvelous results. At Rockwood, at the foot of the mountains on the line of the Cincinnati Southern Railroad, is the Roan Company's iron works, that give employment to nine hundred men, and sends out daily over one hundred tons of pig iron. This iron lies at the lower part of the mountain, above which are to be found the limestone and coal necessary for smelting purposes.

With such vast mines underlying the mountains, and a heavy growth of timber above only waiting for energy and capital to convert it into the best of lumber, the future of Tennessee is assured.

There can be no picture truthfully drawn as bright as this without a corresponding shadow. With health, good water, pure air, mines, and opportunity to amass wealth, there must be some drawback. It is in this case a small one, but nevertheless, it is a fact not to be ignored. It is ticks. They are here in large numbers, and will stay until the woods are cleared away. They are persistent in their attentions, and annoying; but we have no mosquitoes to buzz and bite, and no man can have the whole earth. The fruit here is large and luscious—apples that have a size and flavor indescribable, and blackberries that grow wild, sweet, and large. Grapes ripen finely, and you need never suffer for fruit on the Cumberland.

Impure blood is the cause of more misery than any other source of disease, but this fact is often overlooked. Parson's Purgative Pills will make new rich blood and will change the blood in the entire system in three months, taken one a night.

Hon. D. K. Young last week purchased the house and lot now occupied by Col. John Gates, on Broad St., Knoxville, for \$6,700. Judge Young will permanently remove to Knoxville in the fall.

Johnson's Anodyne Liniment is one of the few really valuable patent medicines which are always a pleasure in calling attention to. It is both for internal and external use and is worth more to a family than a whole medicine chest.

SWAYNE'S PILLS—CONVERTING TO THE SICK.—Thousands die from neglect to properly treat Impure Blood, Constipation, Dyspepsia, Malaria, Apoplexy, Liver, Kidney, Heart Diseases, Dropsy, and Rheumatism. But to the debilitated, burdened with such serious sickness, we conscientiously recommend SWAYNE'S PILLS, which contain medicinal properties possessed by no other remedy. Sent by mail for 25c. box of 30 pills; 5 boxes, \$1. (in stamps). Address Dr. SWAYNE & Son, Philadelphia, Pa. Sold by Druggists.

CHEAP HOMES

ON THE
BOARD OF AID
ESTATE,
ON THE
CUMBERLAND PLATEAU.

COMPARATIVE ELEVATION.
Cincinnati..... 550 feet above sea level.
Chattanooga..... 465 " " " "
Rugby..... 1410 " " " "

HEALTH AND CLIMATE.
All health seekers, whether from Northern or Southern States, should try the climate of the Plateau. The recent United States Census shows it to be almost the only district east of the Rocky Mountains, entirely free from malarial, pulmonary and intestinal diseases. The Plateau has a double climate, one resulting from latitude and the other from elevation. The air is pure and invigorating. The water is frost-free; cool and sparkling. Mineral springs are numerous. The mean summer temperature is 72 deg. Fahr., and in winter 37 deg. Fahr. The nights are always cool and refreshing.

SOIL.
The soil is a sandy loam upon a millstone clay subsoil. It is light, friable, holds manure, is easily cultivated and responds readily and generously to the least fertilizer.

CROPS AND GRASSES.
Corn, wheat, rye, oats, and barley all grow well, though this is not claimed as a grain growing soil. Tobacco is a profitable crop here, as also is sorghum. Hard grass, orchard grass, German and pearl millet, timothy and red clover have all been tried, and take hold and root well. Kentucky blue grass also thrives wherever introduced. The natural pasturage is abundant.

VEGETABLES.
Cabbage, cauliflower, beans, sweet and crisp potatoes, all make a fine return. The Irish potatoes are unequalled by any grown in America. Sweet potatoes and onions yield 300 bushels per acre.

FRUIT AND GRAPE CULTURE.
This region is especially adapted to fruit, and particularly to the winter apple and the grape. The apple crop here has never been known to fail. The trees are healthy, and the fruit smooth, plump, juicy and firm, rarely ever speckling or rotting. The grape is also a sure crop where proper varieties are planted. The vines are robust, and the grapes make excellent wines, which are in good demand. These two fruits are destined to become the great staple products of the Plateau.

STOCK AND SHEEP RAISING.
The excellent natural pasturage, good drainage, abundance of running water and freedom from flies make these occupations eminently suitable and remunerative. Stop feeding stock for eight months in the year. Come South, where you can buy cheap lands, work outdoors all the winter and turn your stock into the woods most of the year.

LAND—TITLES WARRANTED AND SECURED.
The Board of Aid Estate, centrally situated on this plateau, consists of 35,000 acres of grazing, farming, fruit raising and vine growing lands.

IT SKIRTS TEN MILES OF FRONTAGE ON THE CINCINNATI SOUTHERN RAIL ROAD, WITH FOUR DEPOTS LOCATED ON IT.
The lands enumerated below are being offered in tracts suitable to all purchasers, at low figures and with def. red payments.

Board lands on the Cin. So. R.R., west of Glen Mary Station. About 3,000 acres of very desirable land fronting on the Cin. So. R.R., is here laid out in 100 acre farms. No farm is more than three miles from either Sunbright or Glen Mary (depots); to the latter are adjacent the Crooke Oak Mines, employing 200 men and with an out-pit of twelve car loads per day. Glen Mary has 200 inhabitants, three stores, telegraph station and post-office, and is stopped at by all trains, four passenger cars and four freight trains. Good and ready market, with best shipping facilities for either agricultural produce or timber and tan-bark.

Also several fine tracts of land fronting and lying on the east side of the C.S.R.R., and half a mile south of Glen Mary.

Board lands on the Cin. So. R.R., half a mile east of Robbins Station. Splendid timbered lands; rich soil and abundant pasturage. Underlying this tract is the Robbins Coal Vein. These lands will be sold for farming, lumbering and mining purposes, in tracts of a size to suit purchasers.

FOUND IN 1880, has many social advantages, viz., two Good Hotels, Fine Church and School Building, Public Library with 6,000 volumes. Large Commissary, Drug Store, Weekly Newspaper, Post Office with money order pay, and also numerous good houses and attractive villa residences. Choice building lots are now being offered at very reasonable prices.

Sedgemoor, the station for the above, has also been laid out in town lots, and the Board is prepared to offer liberal inducements to persons settling there for manufacturing or business purposes. Sedgemoor has two stores and boarding houses, and promises to be a flourishing town in the near future. The C.S.R.R. has just put in there a siding, 1,500 feet long.

The Board's Rugby lands comprise several tracts lying west of Rugby, in Morgan and Fentress Counties, as well as all their territory between Rugby and Sedgemoor and Robbin's Depots on the C.S.R.R. These lands are traversed by the Rugby and Sedgemoor Pike, a graded road, seven miles long and pronounced the best dirt road in Tennessee, and are, on account of the superior communication, as accessible to the railroad as the less remote lands of the Board. They are situated on the direct and, in winter, only line of traffic from the C.S.R.R. to Jamestown, Livingston, Celina and Byrdstown, respectively the county seats of Fentress, Overton, Clay and Pickett Counties.

CONCLUSION.
The past season has been eminently successful as regards all farming and gardening operations, the crops being invariably full and of excellent quality. We invite all interested persons to correspond with settlers now upon the ground.

Maps and plans can be seen at the Board's Office on Central Avenue.

Intending Settlers will be most liberally dealt with, and any information cheerfully given by

ROBERT WALTON,
RUGBY, MORGAN CO., TENN.

**CHANCERY SALE
OF VALUABLE LAND.**
Geo. Buchanan and wife, et al. vs. John C. Douglass.

In obedience to the order of sale pronounced in the above case at the March Term, 1883, of the Chancery Court of Morgan County, Tenn. On Monday, July 2nd, 1883, at the Court-house door in Wartburg, I will offer for sale to the highest bidder, on a credit of six months, each of those four tracts of land which were allotted to Mary G. Buchanan, Remember A. Love, S. L. Pugh and White Williams in the above entitled case. In the partition of the lands of the heirs of John Thomas, deceased, and containing 1st tract 220 3/4 acres, 2nd tract 220 3/4 acres, 3rd tract 3 1/2 acres, 4th tract 3 1/2 acres, lying in the 6th Civil District of Morgan County, adjoining the lands of J. C. Douglass, W. J. Scott et al.

Witness S. H. Staples, C. & M., at office in Wartburg, the 23rd day of May, 1882.

**GOOD LANDS
ON
EASY TERMS
IN
ARKANSAS**
The Land of
Many Crops and Big Profits,
Fine Climate, Good Water, Rich Soil, Markets, Game, Rivers, Timber.

Arkansas challenges comparison for Fruits, Wheat, Corn, Grasses, Cotton, Wool, etc.

COME AND SEE.
Figure on prices of land in Arkansas, the products per acre and their marketing. Raise early crops. Get large prices. Figure on the days of out-door labor, clothing and food; then contrast the stock-feeding in the North. Figure on constant employment. Find that sensible and careful people are healthy. Learn of good seasons, fine climate and favorable showers.
Don't "guess" that "wheat of the prairies" will profit you, but know that a variety of crops insures a home market.
N.B.—There is an important movement of people from the Northern to Southern States, caused by advantages. Don't neglect it. Let facts overcome prejudice. Come and see, or write to

THOS. ESSEX,
Land Commissioner,
LITTLE ROCK, ARKANSAS.

A week made at home by the industrious. Best business now before the public. Capital not needed. We will start you. Men, women, boys and girls wanted everywhere to work for us. Now is the time. You can work in spare time, or give your whole time to the business. No other business will pay you nearly as well. No one can fail to make enormous pay, by engaging at once. Costs only a few cents. Money made fast, easily, and honorably. Address THOS. & Co., Augusta, Maine.

THE RUGBY DRUG SUPPLY

Is opened for the supply of Pure and Genuine Drugs and Chemicals; and, in seeking the support of his fellow-citizens, the Proprietor feels he may refer with confidence to an experience of twenty years in all branches of the business. No pains will be spared to ensure purity and accuracy in the manufacture of Pharmaceutical Preparations, whilst in the compounding of Physicians' Prescriptions and Family Recipes the greatest care will invariably be observed.

as it is impossible to give a list of every Drug and Chemical kept on hand, it will be sufficient to say that every Medicine, for which there is a demand, may be obtained, and that the stock is as varied as any in Tennessee.

Patent Medicines.

The following PATENT MEDICINES of repute are kept in stock, but any article not mentioned will be procured, if wanted, with as little delay as possible, and without extra charge to the purchaser:—

Ayer's Cherry Pectoral	Wright's Pills
Roback's Blood Purifier	Radway's Ready Relief
American Liniment	Alcock's Plaster
Seller's Cough Syrup	Smith's Tonic
Thompson's Eye Water	M. Lane's Pills
Pettit's Eye Salve	M. Lane's Vermifuge
Hall's Balsam	Winlow's Syrup
Pinkham's Compound	Tropic Laxative
Jayne's Expectant	Brown's Troches
Gray's Ointment	Gargling Oil
David's Pain Killer	Bull's Worm Candy
Schaffer's Peppine	St. Jacobs' Oil
Ayer's Pills	Mustang Linctus
Roback's Pills	Swaine's Ointment
Jayne's Pills	Eno's Fruit Salt
Radway's Pills	Brandreth's Pills
	&c., &c., &c.

DOMESTIC AND SICK ROOM REQUIREMENTS.

Keiller's Dundee Marmalade, Epp's Cocoa, Royal Baking Powder,

FARDON'S FAMILY BAKING POWDER,
Lime Juice, Nelson's Gelatine, Cooper's Isinglass, Worcester Sauce, Dates, Figs, Cocoa Nuts, Brazil Nuts, Pecans, Sweet and Bitter Almonds, Extracts of Almonds, Lemon, Vanilla, Cinnamon, &c., &c., Coffee, Pepper, Vinegar, Arrowroot, Tinned Peaches, Crows & Blackwell's Piccalilli, Condensed Milk, Sea Salt, Cloves, Ginger, &c., &c.

Homoeopathic Medicines

Family Requisites AND PERFUMERY.

A varied stock kept of the best and leading requisites in most families.

Marking Ink (Fardon's), Black Ink (Fardon's), Soaps (Colgate's & Eastman's), Kay's Cement, Rose Tooth Powder, Camphorated Chalk, Tooth Brushes (London made), Hair Brushes and Combs, Hand Mirrors, Tooth Paste (Fardon's), Calver's Carbolic Soap, Cold Cream (Fardon's), Glycerine, Absorbent Cotton, Davidson's Syringes, Rose Water, Eau de Cologne, Assorted Perfumes, Camphor and Glycerine Cakes, Nursery Bottles, Face Powder, Violet or Nourish Powder, Mucilage (Fardon's), Insect Powder, Bough on Hair, W.O.
